Brainy Bunch Homework Week of November 16

Choose at least one math game or activity to practice math facts and record it on your homework log.

Data Collection

You may not be able to answer all the questions.
Answer as many questions as you can.

1. How many people are in your family? _____
2. How many people will you eat Thanksgiving dinner with? _____
3. How many are children? _____
4. How many are adults? _____
5. How many are teenagers? _____
6. How many pounds will the turkey weigh? _____
7. How many miles will you have to travel to get to the place where you will eat Thanksgiving dinner? _____
8. Is there anyone in your family that will have to travel further? _____
How far will they travel? _____
9. Is there anyone in your family that will not have to travel as far? _____
How far will they travel? _____

Bonus: Collect other mathematical data about your family's

Thanksgiving dinner. (Examples: How many pies will there be? How long will it take to cook all the food? Make a graph of favorite foods...)
