## Brainy Bunch Homework Week of December 7

1. Choose at least one math game or activity to practice math facts record it on your homework log. You will have another math fact test next week. Your goal is to be both accurate and faster than you were in November.

### 2. Play Capture the Triangle

You'll need: 2 players, paper, pencil

Objective: To connect dots to make the most triangles.

Directions: Make a triangle using dots - or use the one below. Players take turns connecting 2 adjacent dots with a line. If a player makes a triangle, the triangle is captured and the player writes his/her initials inside it. No one may skip a turn. When all the triangles have been captured, the player with the most triangles wins.
