

Brainy Bunch Homework

Week of January 11

1. Choose at least one math game or activity to practice math facts and record it on your homework log. You will have another math fact test later this month. Your goal is to be both accurate and faster than you were in December.

2. Play Circles & Stars

Materials:

paper

pencil

1 dot cube

Directions:

1. Divide your paper into 4 equal sections.

2. Roll the dot cube to determine how many circles to draw in the first section.

3. Roll the dot cube again to determine how many stars to draw in each circle.

4. Write an equation to represent the circles and stars.

5. Repeat steps 2 through 4 for each section on your paper.

6. Add up the total of all 4 sections.

3. Reminder: Toy Projects are due on Jan. 22.
